Types of Institutional Partners Sought

We are open to partnerships with various types of institutions, as long as we are well-aligned academically.

ALGONQUIN COLLEGE OF APPLIED ARTS & TECHNOLOGY

Overview

Algonquin College campuses (Ottawa, Pembroke and Perth) are located on the traditional unceded, unsundered territory of the Anishinaabe Algonquin People. The Algonquin People have inhabited and cared for these lands long before today. We take this time to show our gratitude and respect to them, and to the land for all that it provides us: trees to give shade, water and food to sustain us and paths to connect us. As a post-secondary institution, we embrace the responsibility to help ensure that the next generations of land stewards are respectful and grateful for the bounty of this land on which we all live, work, play and study. Algonquin College's mission to transform hopes and dreams into lifelong success depends on the fundamental principle of prioritizing the learner and meeting them when, where and how they wish to achieve their educational goals. As every learner possesses unique needs, expectations and life circumstances, our success lies in customizing every experience we offer to individuals wherever possible. To achieve this, we have implemented College-wide systems that enable us to deliver on our promise of flexibility, including a range of academic and support services delivery modalities. Our focus on innovative, high-quality, hands-on, applied learning that aligns with industry requirements ensures that our learners are equipped with the skills they need to succeed. With over 21,000 students, including over 6000 international students, enrolled in full-time programs and thousands more taking flexible education training courses and targeted programming throughout the year, Algonquin College makes a significant impact on the lives of our learners; the economic, social and environmental conditions of our region; and the productivity and prosperity of Ontario, Canada and the world.

CONESTOGA COLLEGE

Overview

As the region's only provider of polytechnic education, Conestoga plays an integral role in the success of our community: 65 per cent of our graduates remain in the area after completing their education, contributing more than \$2.3 billion each year to the local economy. More than 50 per cent of the local adult population has accessed our services. Conestoga delivers more than 300 career-focused programs and has more degree offerings than any other college outside of the GTA, including Ontario's only college-based, accredited engineering degrees. We have campuses in Kitchener, Downtown Kitchener, Guelph, Cambridge, and other satellite locations. We have over 31000 Full time students. As one of the country's top research colleges, Conestoga's applied research activities support student learning and helps area businesses grow, innovate, and improve their productivity.

NIAGRA COLLEGE

Overview

Located in the Heart of the Niagara Region – just minutes from one of the world’s most well-known tourism destinations – Niagara College offers more than 130 innovative programs between our state-of-the-art campuses in Welland and Niagara-on-the-Lake. Together our campuses provide unique living laboratories and top-notch facilities that deliver hands-on applied learning opportunities; world-class applied research; and smaller class sizes in an intimate and friendly environment. Canada’s leader in applied, experiential learning, NC offers its students a breadth of programs that reflect and respond to the key sectors of our region, our province, and the broader global economy. These programs immerse students within a highly experiential learning environment, enhanced by digital technologies. Our graduates possess cultural and global competencies; they are innovative, adaptable, and entrepreneurial, pushing the boundaries of the possible for industry in Niagara, in Canada and abroad.

MA in Intercultural & International Communication		Short Programs (inbound)	
MA in Higher Education Administration & Leadership		Research & Development	
MA in Conflict Analysis & Management			
MA in Tourism Management			

Types of Institutional Partners Sought

We are interested in seeking partnerships with universities and polytechnics that follow tri-semester or quarter systems and also offer English-taught programs.

ST. FRANCIS XAVIER UNIVERSITY

Overview

St. Francis Xavier University (StFX) is a primarily undergraduate institution on Canada's beautiful east coast. We are situated on a semi-rural campus two hours away from the city of Halifax. We have approximately 4,000 students and our average class size is 35, allowing our students to develop deep and meaningful relationships with their professors. In fact, we rank #1 in Canada for course instructors and #1 for professors knowing students' names. Learning outside of the classroom is a cornerstone of the StFX experience, with many of our programs offering Co-Op and service-learning opportunities. The StFX experience does not end at graduation; as StFX has Canada's strongest alumni network, you will always be connected to 50,000 other Xaverians worldwide.

Primary Programs of Study	Primary Research Priorities	Types of Partnerships Seeking	Current Partnerships with Czechia Institutions
Public Policy & Governance	Artificial Intelligence (Computer Science)	Exchange Student Mobility	N/A
Applied Forensic Psychology (BA & BSc)	Health (Multiple Departments)	Outbound Short Programs	
Combined Arts & Science degree (BASc) in Climate & Environment	Undergraduate Level in All Departments		
Combined Arts & Science degree (BASc) in Health			
Business			
Nursing			

Types of Institutional Partners Sought

We are interested in seeking partnerships with small/medium sized primarily undergraduate institutions – similar to StFX in size and with complementary undergraduate programs, polytechnics, and higher-education universities.

Overview

The University of British Columbia is a global centre for teaching, learning and research, consistently ranked among the top 20 public universities in the world. UBC embraces innovation and transforms ideas into action. Since 1915, UBC has been opening doors of opportunity for people with the curiosity, drive and vision to shape a better world. UBC's two main campuses are situated in Vancouver and in Kelowna in the Okanagan Valley. UBC Robson Square, the UBC Learning Exchange and UBC's Centre for Digital Media are also in Vancouver. UBC provides clinical education to Faculty of Medicine students at 80+ training sites across BC. UBC's two regional bases in Hong Kong and India make local connections and elevate partnerships for research, learning and capacity development.

Primary Programs of Study	Primary Research Priorities	Types of Partnerships Seeking	Current Partnerships with Czechia Institutions

VANCOUVER ISLAND UNIVERSITY

Overview

Vancouver Island University is nestled on a mountainside overlooking the Salish Sea on the West Coast of Canada. Here inspiration is around every corner, every tree and every open door. It's a place you'll make real connections—on campus, in community and with the land. We help you explore your interests and learn the skills you need to create the future you want. We're here to support your success with: expert professors who care about your learning — and remember your name; practical, hands-on experiences — in every program; and a community that values diversity — and celebrates differences. Walking together we achieve success. Our expertise becomes action, and we make a difference for our students, for our communities and for our planet.
